Dear Joe & Dave:

As a non-profit agency, we are pleased to be able to purchase items through you. You invariably offer the best price available, and your products are always of good quality, in spite of being "previously owned".

In addition, if we are needing a particular item not currently in stock, we can count on you to let us know when that item becomes available.

Thanks for fulfilling our office products needs, while helping us stay within our budget!

Sincerely,

Elen Vanderhoof
Chief Financial Officer
